SUBJECT INDEX

Volume 2

Adrenergic activity, avian oviduct, 47
Anoestrus, treatment in mares, 1
LH-RH in ewes, 87
genital organs in gilts, 109
ovulation and multiple ovulation in mares, 133

Brucellosis, swine, 155

Chlormadinone acetate, treatment of non-cycling mares, oral application, 1
Cow, pregnancy diagnosis, 21
oestrus synchronization, 73
parainfluenza-3 virus, 101
superovulation, prepuberal, 121

Dystocia, sows, 18

Erratum, 61
Equine pituitary fractions, mares, 133
Ewe, parainfluenza-3 virus, 29, 101
myometrial motility, 37
LH-RH, 87
laparoscopy, pregnancy diagnosis, 143

Fetal disease, role of parainfluenza-3 virus, 101
Fluorogestone acetate (FGA), 121
Follicle aspiration, sheep, 143

Genital organs, in anoestrous gilts, 109

HCG, superovulation in prepuberal heifers, 121
Hen, oviduct, 47

Infectious diseases, affecting reproduction in swine, 149
Isoproterenol, effect on avian oviduct, 50

Laparoscopy, in sheep, 143
Leptospirosis, in swine, 153
LH, release in ewes, 87
releasing hormone in ewes, 87
Luteolysis, in mares with prostaglandin, 115

Mare, anoestrus, CAP, 1
luteolysis, prostaglandin, 115
ovulation, 133
multiple ovulation, 133
Megestrol acetate, effect on milk production in sows, 77
Myometrial functions, sows, 19
Myometrial motility, ewes, 37

News and comments, 131
Norepinephrine, effects on avian oviduct, 49

Oestradiol-17β, in prepuberal heifers, 121
Oestrous cycle, LH-RH in ewes, 87
Oestrus synchronization, cattle, 73
Ovaries, of anoestrous gilts, 110
    prepuberal superovulated heifers, 124
Oviduct, adrenergic activity in hens, 46
Ovulation, multiple, in mares, 133
    in sheep, 146

Parainfluenza-3 virus, in sheep, 29
    present status in cattle and sheep, 101
Parturition, effects of progestin in pigs, 11
PMSG, for synchronization in cows, 73
    superovulation in prepuberal heifers, 121
Post-partum period, effects of progestin in pigs, 11
    LH-RH in ewes, 87
Pregnancy diagnosis, progesterone in cow milk, 21
    laparoscopy in ewes, 143
Progestagen, myometrial activity in ewes, 37
    megestrol acetate in sows, 77
    superovulation in heifers, 121
    CAP in anoestrous mares, 1
Progestin, effects on parturition and the post-partum period in pigs, 11
Progesterone, determination in milk for pregnancy diagnosis in cows, 21
    oestrus synchronization in cattle, 73
Prostaglandin, in ewes, 37
    oestrus synchronization in cows, 73
    luteolysis in mares, 115
Pseudorabies, in pigs, 151

Rabbit, sperm, 63
Reproductive disease, swine, 149

SMEDI Syndrome, swine, 149
Sow, progestin, 11
    parturition, post-partum period, 11
    megestrol acetate, 77
    milk production, 77
    anoestrus, 109
    genital organs, 109
    reproductive diseases, 149
Sperm, respiration in rabbit, factors affecting, 63
Stillbirths, in sows, 13
Superovulation in pre-puberal heifers, 121
Swine influenza, 152

Theriogenology, in relation to animal production, 161
Transplacental transmission of parainfluenza-3 virus in sheep, 29

Uterine weight, in prepuberal superovulated heifers, 125
